

Sponsorship Prospectus

SciPyIndia

<http://scipy.in/2017>

November 29 & 30 – 2017
Venue: IIT Bombay, Mumbai

About SciPy India:

- SciPy India is a conference providing opportunities to spread the use of Python programming language in the Scientific Computing community in India.
- It provides a unique platform to interact with the "Who's who" of the Python Scientific Computing fraternity.
- One of the major goals of the conference is to combine engineering and science education with computing through the medium of Python.

Why you should sponsor?

- Sponsoring an event or conference can help companies achieve major brand awareness, find more leads, and ultimately boost ROI.
- Sponsorship is an effective marketing tool to promote your company brand, message, products and services.
- Opportunity to interact directly with the audience and promote your company's products and services.
- It also lets your company get connected with the people involved in Python from academia, research and industry.
