# Book Description

**Title:** Signals And Systems

**Author:** S. Ghosh

**Publisher:** Pearson Education, New Delhi

**Edition:** 1

**Year:** 2007

**ISBN:** 81-7758-380-8

Scilab numbering policy used in this document and the relation to the above book.

**Exa** Example (Solved example)

**Eqn** Equation (Particular equation of the above book)

**AP** Appendix to Example(Scilab Code that is an Appednix to a particular Example of the above book)

For example, Exa 3.51 means solved example 3.51 of this book. Sec 2.3 means a scilab code whose theory is explained in Section 2.3 of the book.
